ARISS-Europe

ARISS Meeting at NASA GSFC
December 2002

ARISS Constitution

- ARISS is a working group of delegates from IARU and AMSAT societies in countries participating to the ISS
- ARISS has no legal existence:
 - no power to contract (buy, rent, subscribe insurances,...)
 - in case of problems, individuals are legally liable
- ARISS could be « housed » within an existing international body, but:
 - IARU is NOT incorporated!!
 - only IARU Region 1 is incorporated
- The question is raised if it is worthwhile to adopt a Constitution and By-Laws and to acquire a legal status by incorporation as a non-profit organisation
- Meanwhile, Terms of Reference are usefull as operational guidelines (gentlemen 's agreement)
