ARISS meeting Houston 2011

ARISS-Europe Report

HamTV on Columbus

ESA decided in favour of S-band amateur digital television on Columbus

ESA signed a contract with manufacturer Kayser Italia for the development of a DATV transmitter

A general purpose camera will be used for HamTV

A general purpose 28V PowerPack is being developed by Kayser Italia

Emanuele D'Andria, IOELE is ARISS contact person with Kayser Italia

A status report will be presented during the Houston meeting 2011

Respectfully submitted by Gaston Bertels ON4WF, ARISS-Europe chair
